Photo Report – National Consumer's Day Celebration

Consumer is an important part of economic chain that drives the economical and overall growth of the country, that's why he is also called a consumer King. But many people are unaware of their consumer rights and platforms where they can reach out when cheated by scammers. Keeping this in mind and being a part of extension project we celebrated this activity to make students and society aware about it.

Photo Report – Save Electricity and Save Environment

Electricity is an essential part of our life. From the early wake up to late night sleep and even during the sleep as well electricity plays its role. But we must be aware of at what expense this electricity is created and how carelessly we waste it. To teach students the correlation between production of electricity and degradation of environment and to encourage them towards environmental conservation through electricity saving, this activity was organized.

DEPARTMENT OF PHYSICS

Departmental Activity report 2023-24

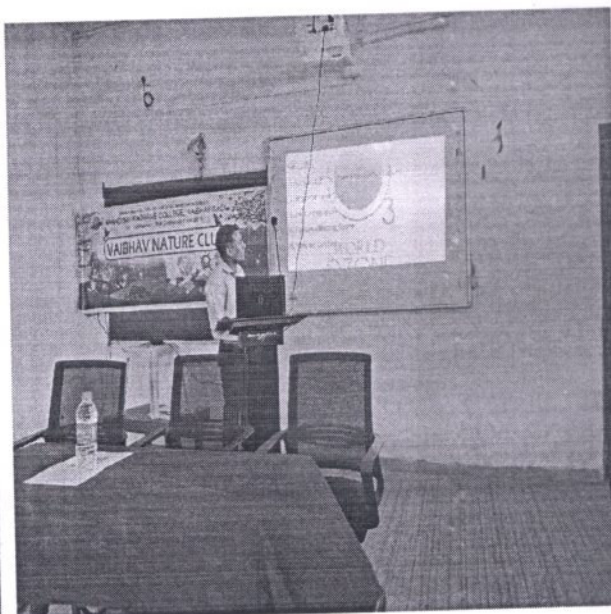

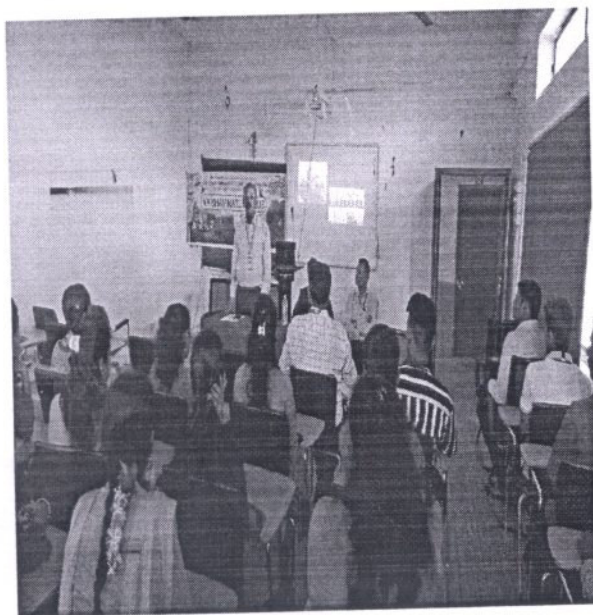

Activity – Ozone day celebration

The Ozone is also called the protecting umbrella of our earth that protects us from the dangerous Ultra-Violet rays from the sun and outer space. Considering the global need of conservation of the Ozone, the Department of Physics in association with Department of Lifelong Learning and Extension organized this activity.

In this activity, Asst.Prof. Mr. P. M. Dhere from the department of Physics delivered a lecture on, 'Ozone and its importance' on 15th Sept. 2023. This program was organized at the smart room and was attended by, 36 students (06 Male, 30 Female).

Through this activity, students learned about consequences of Ozone depletion and the immediate need of its conservation. Students also learnt about the various eco-friendly practices to conserve the Ozone.
